

**NEW SOLUTIONS FOR  
TRANSPORTATION MANAGEMENT**

## PLAN & EXECUTE

- TMS with shipment consolidation
- 3PL & freight under management
- RFP & bid management solutions
- LTL group buying program

## VERIFY & SETTLE

- Global audits of all modes, currencies & bill types
- Real-time exception management resolution
- Spend allocation down to the SKU level
- Customized engagement models including dedicated platforms & account management
- Global cash flow management - certified disbursement payment management solutions

## MEASURE & ANALYZE

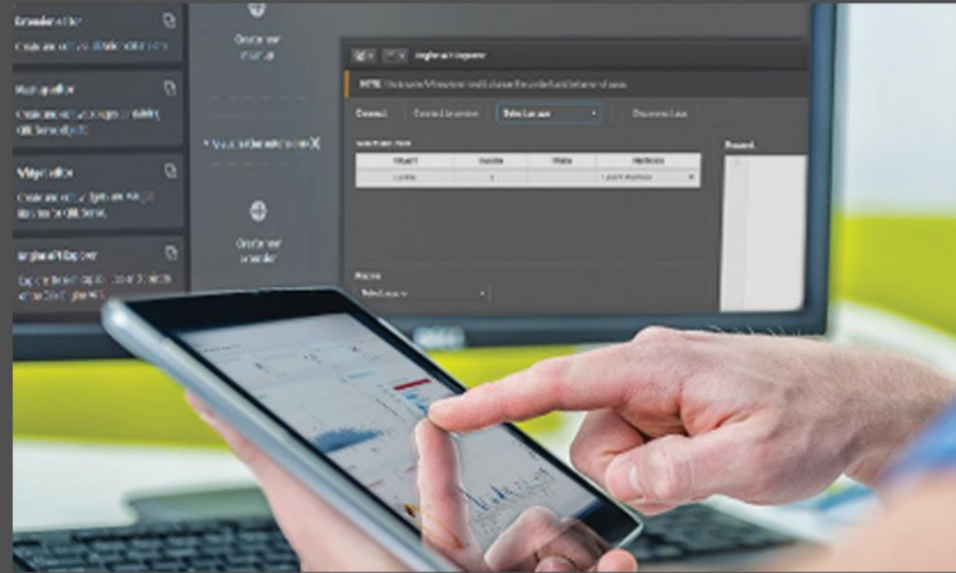

- Identification of savings opportunities with focused data modeling, benchmarking & impact analysis
- Actionable Business Intelligence & analytics portal
- Powerful spend visualizations & mapping functions
- Data driven determination of optimized shipping locations

# ADVANCED BUSINESS INTELLIGENCE PLATFORM

Our dashboard & landing page provides a graphical, enterprise level view of all transportation spend

Qlik reporting delivers advanced, interactive geo-spatial mapping of spend data

Drill through & filter Big Data by business unit, mode, time-frame & carrier with all KPI's and visualizations auto-updating.

# ARTIFICIAL INTELLIGENCE LEARNS YOUR FREIGHT BILLS

## FASTER PROCESSING

ICR allows for drag & drop  
portal submission for invoices

Touchless process with  
minimal human intervention

Forms-based processing  
is eliminated

Email option for invoice delivery

Business rules are applied at  
point of entry with transactions  
visible immediately online

# SAVE TIME WITH ONE APPLICATION

Rate shop your carriers; then tender, track & trace

Choose the best-fit carrier based upon cost and service

Allow internal personnel as well as supplier & vendor access

Friendly UI to create & save personalized templates or use an API integration

**LEAST COST ROUTING,  
TENDERING & TRACKING**

## EXCEPTION MANAGEMENT

### COMMUNICATION, COLLABORATION & RESOLUTION

Redesigned user interface, workflow & field names to easily maneuver through all invoices & supporting documentation

Multiple user views available for dashboards with new profile tabs

Sortable drag & drop lists with exportable content

Monitor & track all user activity

# CUSTOMIZED DATA DRIVEN PROJECTS

Extensive advisory services including network analysis, RFP & bid guidance/management, and lost-opportunity/routing guide compliance

Analysis to model historical spend & shipment information with different carriers, pricing & service levels for cost comparison & bid intelligence

Comparative market analysis studies & consulting engagements

LOGISTICS EXPERTS FOR COST  
REDUCTION INITIATIVES

## COMMUNICATION, COLLABORATION & RESOLUTION
